

Hello Everyone and Welcome to Zia 18's Boys Volleyball 2011/2012

We have enclosed some important information regarding the season and some frequently asked questions/answers to hopefully help the season run more smoothly for all of us.

1. **If you haven't registered on WebPoint you must do it now -**

<https://webpoint.usavolleyball.org>

The Arizona Region has changed its membership registration systems to the USA Volleyball WebPoint System. This system is different in that it requires all members to register individually before they join a club. It is a paperless registration system - which will cut back on a lot of storage and paper trails. If you were registered in the Arizona Region - or another Region of USA Volleyball - in the last 5 years you should be in the system. Everyone (junior athletes, coaches and adult players) is encouraged to go online now to request their login and password to associate with their current record in the WebPoint System. Once the system finds a match to your information you will be given access to your personal data that was previously uploaded to this national database. Double check your personal information for accuracy and update your account. If you can't find your record please contact Lisa Naughton at the Arizona Region office for assistance - 602-454-1367 or lnaughton@qwestoffice.net.

- Now that you have made a Zia team you need to log back into your WebPoint account and select Zia Athletic Club as your club.
- Give Zia a Copy of your Birth Certificate if you did not play club volleyball last year.
- If you did not play in the AZ region 2010/2011 season you need to log onto WebPoint and register for a summer membership to cover tryouts and practice for the month of August. You will also need to send in your \$15 fee to the region before September 1st. After September 1st you will then need to go back onto WebPoint and register for the 2012 season. The dues have already been collected at tryouts for the 2012 season.
